

How to help keep SCHOOLMATES who have FOOD ALLERGIES

safe

1

Don't share your food with friends who have food allergies.

2

Don't forget to wash your hands after eating.

3

Know what your friends are allergic to.

4

If a schoolmate who has allergies becomes sick, get help straight away. (Even if they don't want you to.)

Nut and Egg Aware School

We would like to remind families that at Collinsvale Primary School we are an allergy – **nut and egg aware school**.

We have multiple students across the three classes that have either severe allergies to the following, or are coeliac: **dairy, eggs, all nuts, corn and sesame.**

Please show awareness by:

- ✓ Not sharing food
- ✓ Washing hands after snack and meal times
- ✓ Ask questions if you are unsure
- ✓ Read all ingredient labels

Thank you for your ongoing support in helping us to maintain a safe environment for our students with food allergies.

If you have any queries please don't hesitate to speak with a member of staff.
