## 1. Purpose

This Policy applies to all staff, and volunteers and visitors at a State school or school activity. The purpose of this Policy is to support and promote respectful volunteer and visitor behaviour. This Policy sets out the rights and responsibilities of volunteers and visitors and the requirements for responding to the unacceptable behaviour of a volunteer or visitor at a State school or school activity. This Policy is to be read in conjunction with the [Respectful School Volunteer and Visitor Behaviour Procedure](#).

## 2. Policy Statement

- Volunteers and visitors to schools are a valued part of a school and their contributions to schools should be acknowledged. Volunteers and visitors include parents and carers, friends of the school, and children and young people not enrolled at the school.
- Collaboration between school staff, students, volunteers and visitors is important to a student's learning and experiences at school. By enrolling a child or young person in a State school, parents and carers are expected to work in partnership with the school to model positive and respectful behaviour that supports student learning and maintains a safe school environment.
- Unacceptable behaviour of volunteers and visitors on a school campus or at a school activity **may** result in the person being asked to leave.
- School responses to unacceptable behaviour of volunteers and visitors should focus on ensuring that everyone feels safe while at school or a school activity. When responding to unacceptable behaviour of a volunteer or visitor, the staff should utilise conflict de-escalation techniques wherever possible. If attempts to defuse or resolve the behaviour are unsuccessful, a volunteer or visitor may be required to leave the school or school activity.
- In responding to unacceptable behaviour of volunteers and visitors, it is important to recognise and take into account that in some instances, the unacceptable behaviour may be as a result of, or triggered by factors associated with disability, trauma, mental illness or a learning impairment.

## 3. Policy Requirements

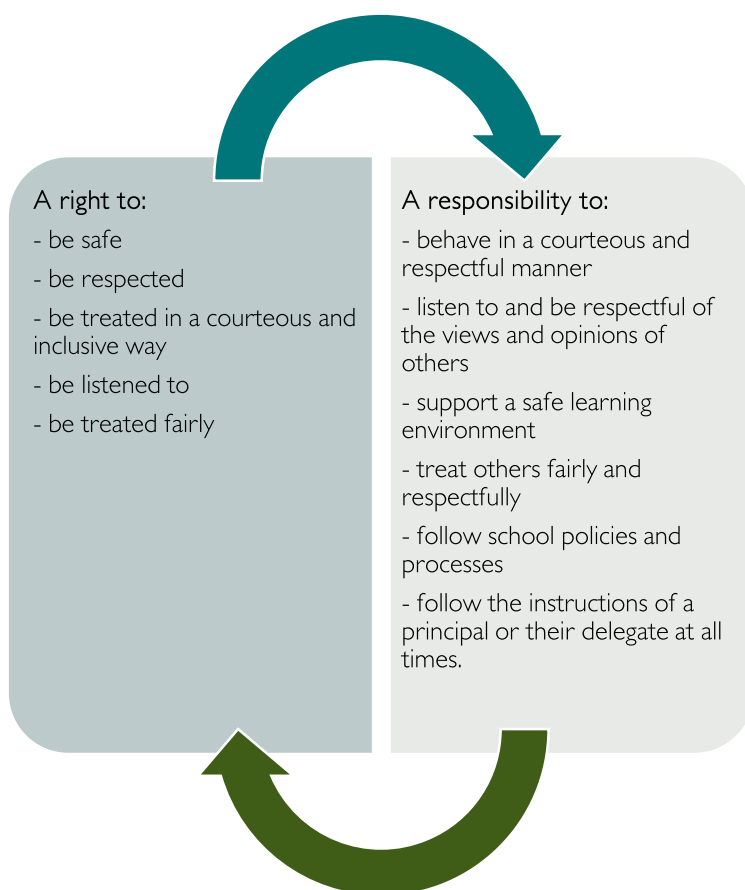

- Schools **MUST** work in partnership with volunteers and visitors to provide safe and inclusive learning environments for everyone. Appropriate behaviour in State schools is critical to creating a respectful environment that is conducive to learning and supports attainment for students.
- All volunteers and visitors to a school campus or school activity have a responsibility to act appropriately and model positive and respectful behaviour.
- Students and staff have a right to feel safe and secure in their school and working environment. The safety of students and staff on a school campus or at a school activity is everyone's responsibility; volunteers and visitors **MUST** behave in a way that supports a safe school environment.
- Volunteers and visitors **MUST** be informed of this Policy, as well as any relevant school policies on volunteer and visitor requirements, and the consequences of demonstrating unacceptable behaviour at a school campus or school activity.
- Principals **MUST** develop a policy for their school that sets out what constitutes unacceptable behaviour for volunteers and visitors at their school, and the process for managing and responding to unacceptable behaviour while at school and school related activities.
- Principals **MUST** consult with their School Association and, if one exists, the student representative body on the school's Policy to establish clear

expectations for acceptable behaviour on a school campus or at a school activity that are aligned with the Department of Education's values and goals.

- Principals **MUST** communicate to volunteers and visitors what they deem as unacceptable behaviour in accordance with this Policy and the school's Policy, and the consequences of unacceptable behaviour, including that they **may** be asked to leave the school campus or school activity.
- Volunteers (including the School Association Committee members) **MUST** have a valid Registration to Work with Vulnerable People (RWVP). Visitors **may** require a RWVP, depending on the situation. Refer to the [Registration to Work with Vulnerable People Policy](#) for RWVP requirements.

### 3.1 Volunteer and visitor roles, rights and responsibilities

- Volunteers and visitors should be informed of their rights and responsibilities while on the school campus or at a school activity. Information on volunteer and visitor rights and responsibilities **may** be presented to a volunteer and visitor as part of a sign-in process.

#### Visitors and Volunteers:

- **MUST** follow all school policies, processes and procedures applicable to volunteers and visitors to a school campus or school activity.
- **MUST** follow the instructions of a principal, their delegate or a Person in Charge at all times, including a requirement by a principal (or their delegate) to leave a school campus or school activity.

- Volunteers or visitors who are parents/carers of a student enrolled at the school should work collaboratively with the school to manage the behaviour of their child while on a school campus or at a school activity. This may involve parent volunteers seeking clarity from staff on their respective roles in managing the behaviour of their child.
- Volunteers or visitors should avoid interfering with staff management of unacceptable student behaviour unless previously discussed with staff, and should not approach students directly to address a matter of concern (e.g. a parent volunteer should not approach a student regarding that student's behaviour towards their child).

### 1.1 Unacceptable behaviour of visitors or volunteers

The following behaviour constitutes unacceptable behaviour of volunteers at, and visitors to, State schools or school activities:

- disobedience of instructions which regulate the conduct of volunteers at, and visitors to, State schools and school activities
  - contravening school rules and policies
  - behaviour that is likely to impede the learning of students at that school
  - behaviour that is detrimental to the wellbeing of the students or staff at that school
  - behaviour or actions that cause or are likely to cause injury to persons or damage to property
  - behaviour that is likely to bring that school into disrepute
  - behaviour that is likely to put a person at risk of harm
  - harassment or stalking
  - threatening behaviour
  - discrimination
  - bullying, including cyberbullying
  - illegal behaviour
  - unsociable behaviour
  - sexualised behaviour
  - any other behaviour that a principal determines to be unacceptable behaviour (identified in the school's Policy).
- What actions constitute unacceptable behaviour are dependent on the context and should be considered on a case-by-case basis.
  - The unacceptable behaviour of an adult volunteer or visitor **MUST** occur on a school campus or at a school activity for section 136 of the Act to apply. Principals should refer to the [Legal Issues Handbook](#) or contact Legal Services for advice if they are considering removal of an adult in response to unacceptable behaviour that occurs away from a school campus or school activity (e.g. unacceptable behaviour by a parent on social media).

### 3.2 Responding to the unacceptable behaviour of a volunteer or visitor

- The safety and wellbeing of children and students, and staff **MUST** be a priority when managing or responding to the unacceptable behaviour of a volunteer or visitor on a school campus or at a school activity.
- Principals can choose not to use their authority to remove an adult for unacceptable behaviour and are to consider their own safety in determining their response.
- School responses to unacceptable behaviour should be proportionate to the unacceptable behaviour of the volunteer or visitor. While schools are to endeavour to enact any behaviour policy in a consistent manner, it is acknowledged that every situation is different and approaches taken to manage unacceptable behaviour may reflect this. Please contact Legal Services if you require

guidance or assistance when managing the unacceptable behaviour of a volunteer or visitor.

- If the unacceptable behaviour of a volunteer or visitor has placed the safety of students or staff at risk, is a criminal act or poses a significant threat to property or the school environment, the school **MUST** report to and seek assistance from Emergency Services by phoning 000. For further details on critical incident processes, refer to the [Security and Emergency Management Procedures](#) or contact Legal Services.

### 3.3 Requiring an adult volunteer or visitor to leave the school or a school activity

- A principal (or their delegate) has the authority to remove a volunteer or visitor who is over the age of 18 for unacceptable behaviour under trespass law (at a school campus only) or s136 of the Act (at a school campus or school activity) if they have behaved unacceptably, as defined in the school's Policy. This request **MUST** be complied with.
- A principal (or their delegate) **may** require an adult volunteer or visitor who has behaved unacceptably to not enter the school campus or to leave the school campus. If the instruction to leave is not followed, the principal may contact police to seek advice and assistance. A principal does not have the authority under trespass law to require a volunteer or visitor to leave a school activity that occurs away from the school campus, but does have authority under s136 of the Act.
- Under s136 of the Act, a principal (or their delegate) also has the authority to require that an adult volunteer or visitor who has behaved unacceptably not re-enter the school or return to the school activity for a period of time specified by the principal. This can be done verbally and/or in writing. As soon as practicable after making a verbal requirement to leave, a principal is to confirm that requirement in writing, and provide it to the relevant person.
- The letter to confirm the requirement to not re-enter the school or school activity should be on school letterhead, sent by Priority Mail or delivered by local Police (where appropriate), and a record of the letter kept. The letter **MUST** include:
  - » the date and time of the incident,
  - » a brief description of the unacceptable behaviour,
  - » the person who has requested the adult leave (if the authority was delegated at the time), and
  - » the time period they are required to stay away.
- If a principal wishes to amend the conditions of the instruction to stay away from the school or school activity, another letter should be sent with updated information. Amended conditions **may** include reducing or increasing the requirement to stay away from a school or school activity.

### 3.4 Requiring a volunteer or visitor under the age of 18 to leave the school or a school activity

- S136 of the Act does not give a principal the authority to require a volunteer or visitor who is under the age of 18 to leave a school or school activity.
- If a principal believes a volunteer or visitor is under the age of 18 and they behave unacceptably at a State school, a principal (or the Person in Charge while a principal is absent) has the authority to require that the volunteer or visitor leave the school campus, and not enter the school campus for a specified period of time, under trespass law. If the instruction to leave is not followed, the Police may be contacted.
- A principal does not have the authority (under either trespass law or s136 of the Act) to require a volunteer or visitor, who is under the age of 18 and has behaved unacceptably, to leave a school activity that is away from the school campus. If a volunteer or visitor who is under the age of 18 behaves unacceptably at a school activity, a principal or school staff should

refer the matter to the Person in Charge at that venue (e.g. the Pool Manager), who has the authority to require that person leave the venue under trespass law.

- Principals and school staff may refer to the [Legal Issues Handbook](#) or Legal Services for guidance on the use of s136 of the Act and trespass law.

### **1.1 | General requirements for visitors and volunteers at Deloraine High School**

- Volunteers and visitors to State schools are required to follow the school's evacuation and emergency procedures, including when there are fire, lockdown or evacuation drills.
- Visitors who are at a school to attend a school event (e.g. assembly, awards, student performance) are invited to be at the school for the time of that event, and unless invited to volunteer or visit at the school for another reason after the event, are expected to leave the school once the event is finished.
- Visitors who are at a school to drop-off or pick-up a student should consider that their presence at the school once class time has started (after the morning bell or during the school day) may be distracting for students and staff.
- Volunteers and visitors should ensure that their movement around the school does not impede student learning.
- Any tags or badges provided by the school to identify volunteers and visitors **MUST** be worn and returned.

### **1.2 | Sign-in process for visitors and volunteers at Deloraine High School**

All volunteers need to:

1. Enter the school through the designated entry.
2. Notify the administration staff that you have arrived, who you are there to see and present your current Registration for Working with Vulnerable People card.
3. Sign in via the Kiosk system and be issued with a volunteer pass to display while on campus.
4. Proceed to the nominated area of the school.
5. Before leaving, return to the office to give back the volunteer pass and sign out.
6. Leave the school campus. |

### **3.5 | Notifying volunteers and visitors of the policy at Deloraine High School**

Volunteers and visitors **MUST** be informed of this Policy, as well as any relevant school policies on volunteer and visitor requirements and the consequences of demonstrating unacceptable behaviour on a school campus or at a school activity. |

This Policy will be available to volunteers and visitors in the following ways:

- The current Policy will be published on the school's website.
- A copy of this Policy can be found at the School Office.
- All volunteers will be provided a copy of the Policy the first time they volunteer at the school. |

### **3.6 | Process for responding to unacceptable behaviour of a volunteer or visitor at Deloraine High School**

- School policies and processes for responding to the unacceptable behaviour of a volunteer or visitor should include processes to follow when the unacceptable behaviour occurs in a classroom or other place

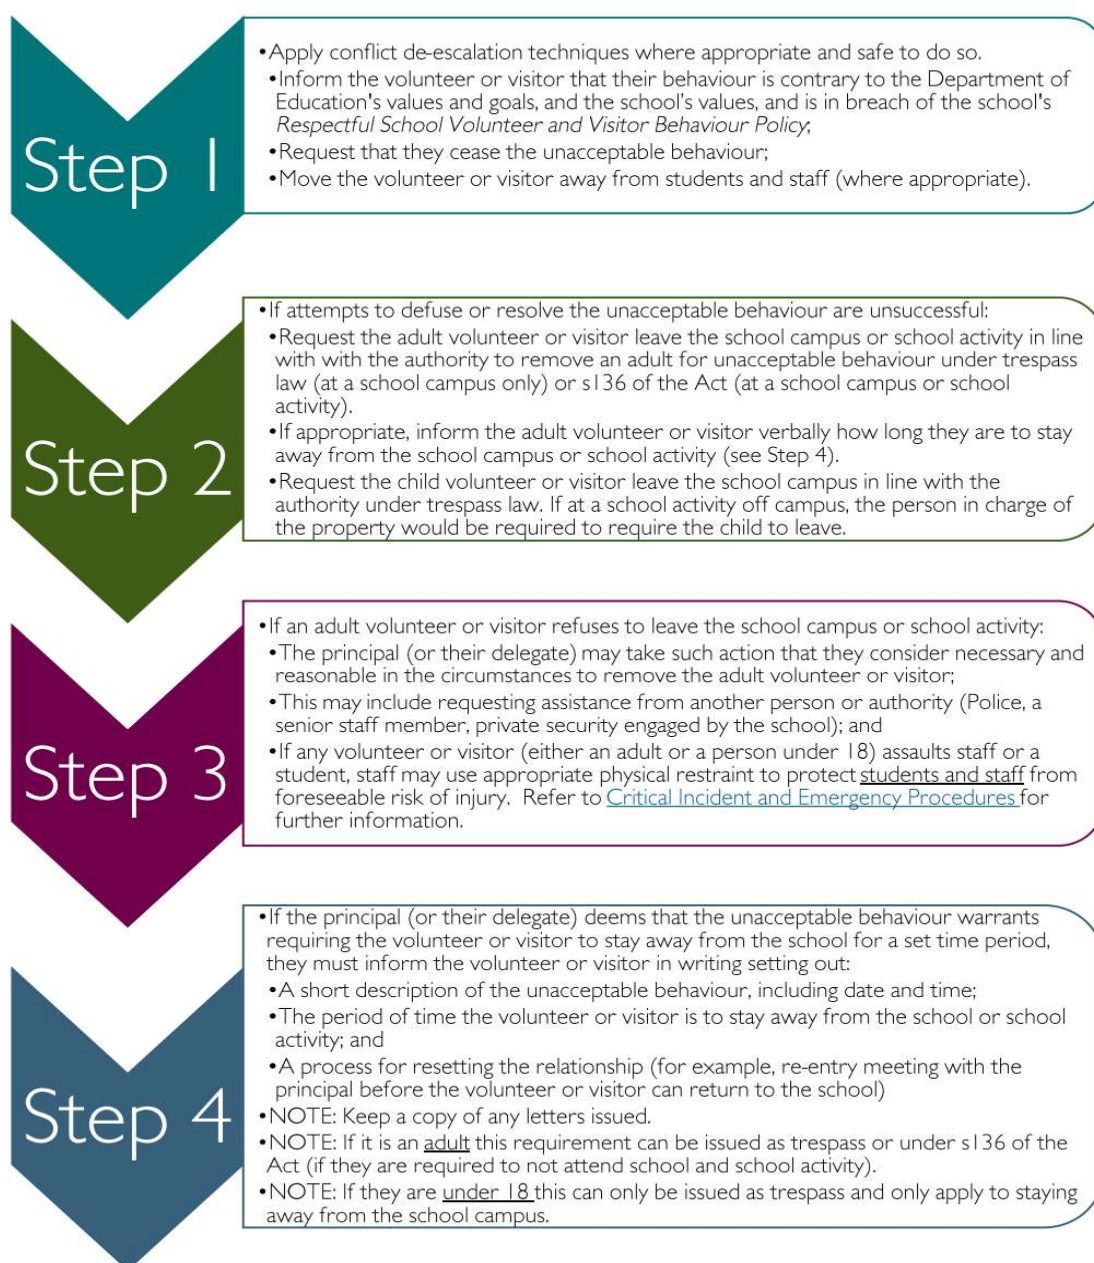

within the school environment where a member of the teaching staff may need to seek the assistance of another person.

- A principal *may* choose to develop or incorporate their own processes for responding to unacceptable behaviour, building on the four step process detailed in the [Respectful School Visitor and Volunteer Behaviour Procedure](#).

#### Four Step Process: Responding to Unacceptable Behaviour

### 3.7 Roads on campus at Deloraine High School

- The *Education Regulations 2017* provide a principal of a State school with authority to determine the conditions under which vehicles (e.g. car, bus, and bicycle) may be driven, ridden, parked and removed on or from a campus of the school.
- The principal **MUST** include the conditions for vehicles on campus in their school's Policy. A breach of these conditions constitutes unacceptable behaviour and can be managed in accordance with this Policy.

The control of traffic at a school campus is a school matter, and the principal has the right to instruct anyone operating a vehicle to follow the conditions under which vehicles may be driven, ridden, parked and removed from the school campus.

All drivers on campus are expected to observe the speed limit of 10 km per hour and abide by road traffic signs including parking conditions (time limited parking, no-parking zones, and staff parking).

All bicycles should be stored in designated areas.

If the rules are not observed, the school may withdraw permission to enter the school campus, remove a vehicle parked contrary to the signage at the owner's expense or any other response the school deems necessary to maintain a safe and functional space for others at the school. |
